EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David Read on June 10, 2005.

The application has been amended as follows:

Claim 8, line 2, "ring" has been changed to --the ring--.

The following is an examiner's statement of reasons for allowance: for claims 1, 9 and 20, it is the inclusion of the platform having a plurality of kiosks mounted thereon, each kiosk having three panels disposed between a base and a drum, the drum having a plurality of lights, the drums interconnected by spars, one of the spars connected to an upright of a podium of the workstation positioned adjacent the platform. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
